THIS YEAR ONE DAY ONLY

NEBRASKA CONCRETE &  
AGGREGATES ASSOCIATION

In Conjunction with ACI Nebraska Chapter

**CHRIS DAGOSTA** represents the NRMCA as Senior Director, Building Innovations. Based in Phoenix, Arizona, Chris brings over 20 year experience in construction and 12 years experience in the concrete industry. Most recently, Chris owned a distributorship for Insulating Concrete Forms, bringing the energy efficient product to clients across the southwest and western states including Hawaii. He has been an advocate for concrete building, successfully converting many projects to ICF, including multi-family, commercial, municipal and military owned developments. Chris focuses on working directly with member companies, using his prior experience and knowledge to educate building professionals, developers and design experts on cost effective and sustainable concrete building solutions for low, mid-rise and multi-family residential structures. Before realizing his passion for ICF, Chris spent many years in sales and marketing for various construction contractors and manufacturers of granite, marble, cabinetry, and Gypsum Wall Board, after starting his career on the front lines of construction.

**KELVIN DOERR, P.E.** is a registered professional engineer with a Bachelor of Science in Civil Engineering from the University of Nebraska-Lincoln and a MBA degree from University of Nebraska-Omaha. He has 19 years of experience working in the insulating concrete form (ICF) industry with Fox Blocks. He has been involved with several different industry technical committees through the years. Was on the committee to create and write the ASTM E2634 standard for flat wall ICFs. The ACI 332 and ACI 560 technical committees. The EPS-IA technical committee. Has a designed and a patent on a couple of ICF ancillary products.

**JILL LEWIS SMITH, AIA.** Ms. Smith is president and managing principal of Civic Consultants Inc. in Louisville, Kentucky. Smith has 30 years experience with publicly funded projects as well as private sector work. From 1990 until 1999, Smith served as Louisville's City Architect, overseeing capital improvements and operations for more than 150 city-owned buildings. Since discovering ICFs 20 years ago, she has become a proponent of their sustainability, promoting them at events across the nation. Civic Consultants Inc. has regularly designed ICF structures for eighteen years.
